QUOTES FROM PAST PARTICIPANTS

“ This class made me aware I am not in this alone and the things that I might be struggling with are not exclusive to me. I like that we covered each standard and having the expertise from the coaches, PRC as well as other PCM's and Coordinators was very beneficial.

I feel very lucky to have been a part of PREA 101.

“ During this course, we have covered every standard and I learned something new each time I worked on an assignment. I have also met people that I will continue to communicate with who will be valuable assets when working on future PREA related projects.

Being a new PCM has been a whirlwind, but participating in this class has been a tremendous help.
