Specialized Training: PREA Medical and Mental Care Standards  
Notification of Curriculum Utilization  
December 2013

The enclosed *Specialized Training: PREA Medical and Mental Care Standards* curriculum was developed by the National Commission on Correctional Health Care (NCCHC) as part of contract deliverables for the National PREA Resource Center (PRC), a cooperative agreement between the National Council on Crime and Delinquency (NCCD) and the Bureau of Justice Assistance (BJA). The PREA standards served as the basis for the curriculum’s content and development with the goal of the *Specialized Training: PREA Medical and Mental Care Standards* curriculum to satisfy specific PREA standard requirements.

It is recommended that the *Specialized Training: PREA Medical and Mental Care Standards* curriculum be reviewed in its entirety before choosing which modules to use. Any alterations to the original materials must be acknowledged during their presentation or requires removal of the PRC and NCCHC logos.

BJA is currently undergoing a comprehensive review of the enclosed curriculum for official approval at which point the BJA logo may be added.

*Note: Utilization of the enclosed curriculum, either in part or whole, does not guarantee that an auditor will find a facility “meets standard”. Rather, an auditor will take into consideration the curriculum used as part of their overall determination of compliance.*
