Key Principles

- PREA encompasses **any** federal confinement facility whether run by the government or a private organization on behalf of the government
- These standards are the floor - they are minimum standards
- States **can and are encouraged to do more** particularly if your state has set higher requirements
- Some states already have stronger state laws than the protections the current standards provide
 - West Virginia: no need to exhaust administrative remedies for claim of sexual abuse in custodial settings
 - Florida and South Carolina: staff in adult custodial settings are mandatory reporters by law
- Must protect the constitutional rights of those in custody – standards are one vehicle -- but there are others

Questions/Concerns:

What we have heard from the Field

- **The standards are too long**
 - We know, but its important that you read them
 - There is no blueprint that will fit all agencies— standards are the what and **agencies need to do** by reading the standards and having an action plan **agencies need to decide how they do it.**
- **Questions from the Field**
 - Adequate staffing levels
 - “Youthful Inmates”
 - Contracting
 - Hiring and Promotion
 - Screening
 - Searches of LGBTQI residents

Applicability

What We Currently Know

- One year and 60 days after publication, the first three year audit cycle begins (August 20, 2013)
- Standards are immediately applicable to BOP after publication in the federal register (August 20, 2012)

Provisions Specific to Community Corrections

- Standards only apply to “community confinement facilities,” defined as:
 - A community treatment center, halfway house, restitution center, mental health facility, alcohol or drug rehabilitation center, or other community correctional facility (including residential re-entry centers) in which offenders or defendants reside as part of a term of imprisonment or as a condition of pre-trial release or post-release supervision, while participating in gainful employment, employment search efforts, community service, vocational training, treatment, educational programs, or similar facility-approved programs during nonresidential hours. § 115.5
 - This definition excludes parole or probation officers in a non-residential setting

Audit

- **June 20, 2012** Publication in federal register—begins compliance clock and public comment period for select standards.
- **2012- 2013** Develop audit tool; develop audit training; train auditors; and certify auditors
- **2013** Audits term begins (one year)
- **2014** Complete audits of 1/3 of facilities

What Happens if Jurisdictions Do Not Comply?

- The Attorney General will publish a list each fiscal year of those grant programs that may be at risk for failure to comply with the standards. [42 U.S.C. § 15607(c)(1)(B)]
- If the Governor **DOES NOT** certify compliance - could lose 5% of DOJ grant funding e.g.
- Do not lose 5% if governor can assure that that 5% will be used to meet standards
