# Key Principles

- PREA encompasses **any** federal confinement facility whether run by the government or a private organization on behalf of the government
- These standards are the floor - they are minimum standards
- States **can and are encouraged to do more** particularly if your state has set higher requirements
- Some states already have stronger state laws than the protections the current standards provide
  - West Virginia: no need to exhaust administrative remedies for claim of sexual abuse in custodial settings
  - Florida and South Carolina: staff in adult custodial settings are mandatory reporters by law
- Must protect the constitutional rights of those in custody – standards are one vehicle -- but there are others

# Questions/Concerns:

## What we have heard from the Field

- **The standards are too long**
  - We know, but its important that you read them
  - There is no blueprint that will fit all agencies— standards are the what and **agencies need to do** by reading the standards and having an action plan **agencies need to decide how** they do it.
- **Questions from the Field**
  - Adequate staffing levels
  - “Youthful Inmates”
  - Contracting/ Contract Facilities
  - Hiring and Promotion
  - Screening
  - Access to outside support
  - Searches of LGBTQI youth

# Applicability

## What We Currently Know

- One year and 60 days after publication, the first three year audit cycle begins (August 20, 2013)
- Standards are immediately applicable to BOP after publication in the federal register (August 20, 2012)

# Audit

- **June 20, 2012** Publication in federal register—begins compliance clock and public comment period for select standards.
- **2012- 2013** Develop audit tool; develop audit training; train auditors; and certify auditors
- **2013** Audits term begins (one year)
- **2014** Complete audits of 1/3 of facilities

# What Happens if a Jurisdiction Does Not Comply?

- The Attorney General will publish a list each fiscal year of those grant programs that may be at risk for failure to comply with the standards. [42 U.S.C. § 15607(c)(1)(B)]
- If the Governor **DOES NOT** certify compliance - could lose 5% of DOJ grant funding e.g.
- Do not lose 5% if governor can assure that that 5% will be used to meet standards
